

Tiger Queen Road Map

W1

Launch Week - Week 1

Following the stealth launch, the price will stabilize, the marketing wallet will be full, and the community will be strong. Paperhands will have left, diamond holders remain. Now we can start the real work! ~1000 holders

W2

Week 2 - The most important week

We will be involving the community in every decision moving forward. The community will decide the direction of the coin - p2e, pure meme coin, NFT's, farming, staking are all possibilities. It's up to you - the community. Marketing ongoing, with youtube influencers, and special cameo projects using celebrities through Cameo and other sources. ~3000

W3

Week 3

By week 3 the community has voted on the way forward, and the best use of the marketing funds. We will have a solid community, with a recognizable name. Baby tokens will be created.

W4

Week 4 - Token Ecosystem

Involving the community in more token releases moving forward, rewarding the most diamond handed and loyal community members with early releases and a chance to get airdrops, whitelists, and exclusive prizes.
